# CHAMIKA DINISURU ADHIKARI

Entry-Level Database Administrator Candidate | HNDIT Graduate
Wariyapola, Sri Lanka | +94 77 453 2864 | chamikadinisuru2@gmail.com
LinkedIn | GitHub | Portfolio

## PROFESSIONAL SUMMARY

Higher National Diploma in Information Technology (HNDIT) graduate with hands-on experience working with relational databases (MySQL) and Cloud Firestore in academic and freelance projects, including database-driven web platforms, user role management, role-based access control, and appointment filtering systems. Comfortable with Git version control and real-time monitoring and alerting. Detail-oriented and analytical, with a keen willingness to build database administration skills such as backup and recovery, security, and performance tuning in a Junior / Trainee Database Administrator role.

## TECHNICAL SKILLS

**Databases:** MySQL, Relational Databases, Cloud Firestore, Firebase Storage

**Access Management & Security:** Role-Based Access Control, User Role Management, Firebase Authentication, Secure Admin Dashboards

**Programming & Web:** JavaScript, PHP, HTML, CSS, Dart, C/C++ (Arduino), REST API Integrations

**Version Control & Tools:** Git, GitHub, Git command line (terminal)

**Monitoring, Alerting & IoT:** Real-Time Sensor Monitoring (MQ-series), Arduino, GSM SMS Alerts, Firebase Cloud Messaging

**Mobile, Frameworks & Other:** Flutter, GetX, Provider, Flutter Map, Responsive Web Development, Adobe Photoshop, Prompt Engineering

**Languages:** Sinhala — Native | English — Intermediate

**Professional:** Analytical Thinking, Problem Solving, Attention to Detail, Organization, Continuous Learning

## EDUCATION

**Higher National Diploma in Information Technology (HNDIT)** | *2024 - 2026 | Completed*
Institute of Advanced Technological Education (SLIATE), Kurunegala, Sri Lanka

**GCE Advanced Level (Commerce Stream)** - Sri Gnanodaya National College, Wariyapola | 2022 (2023)

**GCE Ordinary Level** - Sri Gnanodaya National College, Wariyapola | 2019

## PROJECT EXPERIENCE

**OSA Photography - Portfolio & CMS Platform** | *Freelance Project*
osaphotography.great-site.net

- Used MySQL to store and manage gallery, testimonial, and admin content.
- Built a responsive, database-driven portfolio website and custom CMS for a professional photography business.
- Implemented a secure admin dashboard with real-time content updates, dynamic album galleries, and testimonial management.

**Tech:** PHP, MySQL, HTML, CSS, JavaScript, GitHub

**Staff Sync - Integrated Workplace Platform** | *Academic Final Project | Mobile & Web Application*

- Built a secure, role-based team chat module with Firebase Authentication, Cloud Firestore, and Firebase Cloud Messaging.
- Developed a cross-platform workforce management system for BIG GROW LANKA (PVT) LTD to support core HR operations.
- Implemented real-time QR-code attendance tracking, automated leave request and approval workflows, and SOS live-location tracking.

**Tech:** Flutter, Dart, Firebase (Authentication, Cloud Firestore, Storage, FCM), HTML, CSS, JavaScript, GetX, Flutter Map, GitHub

**Smoke & Fire Detection System - IoT Safety Device** | *Academic Project*

- Built an Arduino-based emergency system that monitors smoke, fire, and potential gas leaks in real time.
- Integrated MQ-series gas and smoke sensors for continuous environmental monitoring.
- Configured a GSM module to send automated SMS alerts on hazard detection for rapid response.

**Tech:** Arduino (C/C++), MQ-Series Sensors, GSM Module
